# *Welcome to* Hakone Highland Hotel

Ideally situated in the heart of one of Japan's premier hot spring resorts, Hakone Highland Hotel offers a serene escape while still being close to both Tokyo and several of the region's best destinations. Formerly the villa of a baron, this vast estate is surrounded by nature, giving guests a unique experience with each change of the season.

## Our Guestrooms

All guestrooms come with either a view of our pristine lawn or the deep forests beyond.

### Main Building

Sleek and sophisticated, our rooms in the hotel's main building serve as a quiet and cozy space for guests to relax after their adventures from the day.

### Forest Residence

Our airy Forest Residence annex rooms offer a spacious, secluded environment to unwind in. Each room comes with an ensuite open-air bath, allowing guests the luxury of a private hot spring experience.

## Hot Springs

Enveloped in the surrounding natural scenery, our shared hot spring facilities include both indoor and open-air baths. Soak in the soothing waters of a hot spring before experiencing an invigorating massage in the nearby jacuzzi, or sweat it out in one of two saunas available — there is a dry sauna for men and a mist sauna for women.

### Spa Nature

Pamper yourself at our on-site spa, which uses Hakone's waters to restore the body both inside and out. Choose from a selection of massages, aroma treatments and more to further soothe your soul during your stay.

## Dining

Embark on a culinary adventure at our on-site dining establishments. Most dietary restrictions can be accommodated with advance notice.

### La Forêt

Our flagship restaurant serves French cuisine with a twist, incorporating innovative Japanese culinary techniques and exquisite seasonal ingredients. Guests can enjoy a variety of gastronomic delights, many of them highlighting Hakone's natural bounty.

### Lounge

With both outdoor and indoor seating, our lounge is the perfect place to sit back, relax and take in the view. A selection of delectable treats awaits: From afternoon tea sets and seasonal lunch options to Hakone Highland Hotel's signature Mori no Burger, the options are endless.

### The Garden

The hotel grounds boast a vast 49,000m<sup>2</sup> area of verdant splendor. Explore the many winding walking paths along the property, which meander past ponds and along the adjacent Hayakawa River. In summer, guests can enjoy the surrounding lush greenery by taking a leisurely nap on one of the estate's hammocks.
